HSW-B 750

Direct driven support winch
Pulling force 7,5 kN

Strong - Effective - Variable
- Compact -

The HSW-B Support Winch raises the bar in winch technology - in best KATIMEX-Quality

The HSW-B Support Winch is ideally suited to pull heavy winch ropes from hydraulic cable winches into conduits or cable trays. Also light energy or telecommunication cables can be pulled over long distances. The HSW-B 750 is the ideal addition to a larger and stronger hydraulic cable winch and completes the equipment for cable pulling. Its strong pulling force and the compact and mobile design are further key features to underline the wide versatility in various fields.
