Ergonomic handle/tools holder for easy climbing

Aluminium hinges

Standard reinforced plastic platform with safety hook (cm 25,5x30)

Patented handle for easy transport available from June 2019

MAREA IS THE MEDIUM RANGE WITH EXCELLENT DIMENSIONS AND EQUIPMENT

Marea Tech

Aluminium stepladder with platform and guardrail. Suitable for use in the home and DIY. It is made of a high resistant extruded aluminium alloy. The extruded rectangular (50x25 mm) aluminium frames are ergonomic for easy gripping. Ergonomic anti-opening hinges in light die-cast aluminium give further stability to the whole structure. The wide knurled platform in reinforced polypropylene is self-blocking during use thanks to a nylon safety hook. The standard colour is red but if you order a full load you can choose from the 4 other colours available: green, orange, pink and blue.

- Distance between steps 25 cm
- Provided with toolbox and bucket hook
- Provided with handle for easy ladder climbing
- Platform dimensions 30 x 26 cm
- Reinforced non-skid rubber feet
- Non-skid steps 8 cm
- Anti-opening nylon straps
- 2, 3 or 4 small extra reinforcements to the back (according to ladder dimension)
- Guardrail height 60 cm
- Thermo-shrinkable plastic package with showcard

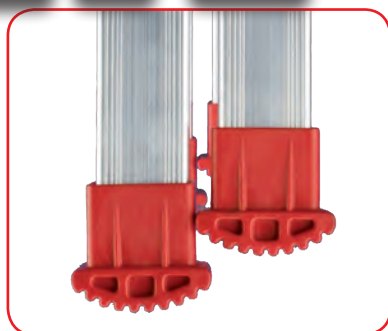

Optional handrails: m 0,6 (SCOR0601) - m 1,0 (SCOR1001)
m 1,5 (SCOR1501) - m 2,0 (SCOR2001)

Marea Tech in extruded anodised aluminium (clean hands) is available from 4 to 8 steps

					
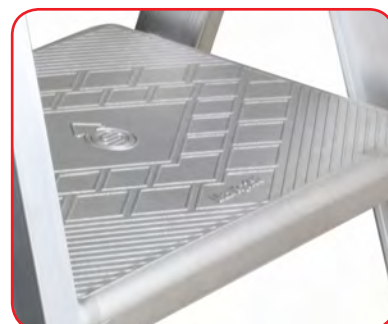

n.	m	m	m	Kg
